To Presidents of
Colleges and Universities:

Kansas City extends an invitation to you, your staff and the students of your school to attend the Central District Health, Physical Education, and Recreation Convention on April 2 and 3.

"Fitness Problems of 1943" is the theme. The convention will be a workshop conference with opportunity for all to discuss their problems. National and district leaders will conduct the discussions.

Programs of Health, Physical Education and Recreation have faced many changes in this past year. It is most urgent that college students, tomorrow's teachers, be prepared to meet these new changes. A special student rate of 50 cents per day instead of the regular rate has been granted.

We are looking forward with pleasure to meeting representatives of your school at the Central District Association Convention, April 2 and 3, in Kansas City.

Sincerely yours,

Nadine E. Miller
Chairman
Publicity Committee
