Mr. Frank Cramer,
Gardner, Kansas.

Dear Frank:

I saw you at the game Saturday and told you that we would be delighted to have the picture taken of our toughener course, and I am now acknowledging the same and re-emphasizing that fact.

We are up to our necks in running our swimming course through and classifying all the boys, so I will make this short and snappy and make it up to you when I see you at the game next Saturday. I imagine the best date for the picture will be about two weeks from now.

With all good wishes, I am

Sincerely yours,
