Sunday.

Dear Doc.

I am busier than I ever thought I could possibly be. The sweat and weight has been pouring off of me I weigh about 196 now and still going down I guess.

I saw Hodge and Hardman the other day. Altman is in my outfit.

We are starting out 2nd week here. I would just as soon the war were over and I were back at K.O.

Just before left Curtis I played a basketball game with some boys from Texas and Virginia against some boys from Indiana and Mich. naturally we won. Played in outdoor courts in the hot sun.

Well that is about all I know. Tell the gang hello.

Yours
Dick
