Mr. C. L. Cushing  
President Downs National Bank  
Downs, Kansas

Dear Mr. Cushing,

May I take this means of thanking you extremely for your kindness in catching the wall-eyed pike. Vance Hall did the rest. He delivered two fishes to our residence and told me that the Cushings had more to do with it than he did. I appreciate the fact that you made the catch and Vance delivered the goods.

I remember with pleasure our meeting and I trust these will be often.

I understand your son, Ned, is a pledge at the Beta house. My congratulations to you and to Ned. Please tell him when you write that it will be a pleasure for me to help him at any time that I am in a position to do so.

Again thanking you I am

Sincerely yours,

Director of Physical Education and Recreation
