Dear Dr. Allen:

I was in Lawrence last week-end but you were out of town. I am wondering if, for the time being, it will be possible to excuse me from my classes during the last part of September and the first part of October. I have already signed the pay roll for September.

If my work can be absorbed in the Department for awhile, it will be a great favor to me, as I am trying to get other employment.

Thank you for your sincere consideration in this matter.

Sincerely yours
