Dear Professor Allen:

In 1939 we had some correspondence about the rental of my log cabin called "Marsh-Cliff" in Estes Park, Colorado. You were not planning to be in Estes Park that summer, but seemed somewhat interested so I am wondering if you are at all interested to rent it this summer. If you are I shall be glad to hear from you; but, if not, please do not bother to reply to this letter.

Cordially,

Dear Owen:

Thank you very much for your thoughtful remembrance in mounting and framing the very clever get-up of the N. C. A. A. Western Championship.

I am hanging this in the office and it will always be a constant reminder of your thoughtfulness in doing this for us.

Appreciatively yours,

Mr. L. I. Cushenbery
Attorney at Law
Medicine Lodge, Kansas

Dear Friend Cushenbery:

I certainly appreciate the old adage that "A friend in need is a friend indeed." You certainly were both, wrapped up in one courteous package. I want to thank you for saving my life in providing me with a handy and a convenient place to shave.

It was good to have a visit with you and to exchange pleasant greetings regarding old friendships as well as new ones. If you will kindly write me the letter that we discussed last night I will follow through immediately. I appreciate your interest and it will be a pleasure to visit with you when we see each other again.

I am writing Mary this morning asking her to recall "Nee High." Tell your wife that I am not becoming familiar, but just recalling to Mary the pleasantries of some of our early days.

When I see Harry K. and Florence, I will tell them about the pleasant visit I had with you in Medicine Lodge.

With all good wishes, I am,

Sincerely yours,

Dear Clif:

I have been intending to answer your two letters, especially your fine letter of congratulations on the co-championship in the Big-Six. The boys more than outdid themselves and I was pleased beyond measure with their success. This makes the 17th championship in the 24 years, so I am more than happy.

Thanks for your good wishes concerning next year. The boys will be big but a trifle green, but I believe we will have good success.

Mrs. Allen and I were very much pleased to learn that Bob made Phi Beta Kappa. He goes to the University of Pennsylvania Medical School next fall and we believe that he will do very well there as he has set an excellent record in high school and college. He gets his A.B. here in June.

I will also definitely keep you in mind if anything should open up. I can understand your problem and it will be a pleasure for me to cooperate for your benefit.

I remember the keen delight of Mrs. Allen's and my visit to your campus.

Our kindest regards to our friends.

Dear Miller:

I was very happy to have your letter and I assure you we will always be glad to co-operate with you to the fullest extent. I am sorry that I did not get a chance to say "Hello" to you when you were in Lawrence.

Mrs. Hulteen is not with us any more. She has another very lovely little visitor in her home. She had a boy and this time she has a girl. They built a nice home and she is letting George earn the living. He is in civil service working for Uncle Sam at the post office.

Dear Dr. Allen,

I thank you for helping me out as you did. I certainly appreciate it, sir.

Came back to the Hill this last week-end; arrived late Friday night and returned Sunday afternoon. Would have liked to have visited with you, but know how busy you are at this time. Shall visit you next time I am able to come up. I saw Bob while there; didn't get to see Howard though.

It's warming up again here; should prove to be wonderful baseball weather.

Am indebted to you, Dr. Allen; thank you.

Please give my best to Miss Hultine and Miss Black.

Respectfully yours,
Miller Cameron.

Dear Dr. Allen,

Congratulations upon having another successful season. Your Kansas team ^{always} indicate to me what team-spirit can and may do. Hope to see the K.U.-O.U. game March 5th. Your fundamentals bring home the present slump of the Oklahoma team; i.e., ^{that} erratic passing and lack of rebounds hurt tremendously.

Dr. Allen, I felt it perfectly in order to write you concerning a problem of mine. My baseball equipment, consisting of: sliding-pads, spikes, white suit-top, and glove - are still in the Kansas Stadium. I've written the Captain, Larry Hensley, concerning the equipment, but as yet I haven't heard from him. Have been practicing baseball the past two and a half weeks. Dr., I would certainly appreciate any action you might take in my obtaining the equipment. Please let me meet the expense incurred from such action.

Had 15 hrs. of B last semester; am taking Integral Calculus, Credit and Banking, Statistics, and Corporation Finance. Work four nights during

the week. I remember and appreciate well
your interest in me, Dr. Allen. Hope to visit
with you at some length sometime. With
best wishes, I remain

Respectfully yours,
Miller Cameron.

Dr. R.I. Canuteson
Director of Health Service
University of Kansas

Dear Dr. Canuteson:

I am making a report of the injury to Bill Hogben's right thumb. Bill wrote me a note as follows:

"Right thumb hurt during practice on 3rd of December, X-ray Dec. 5 that showed a fracture, another X-ray on February 28 which showed no improvement and the thumb was still sore.

"Dr. Francisco looked at thumb and suggested the chipped bone should be removed."

Bill became a little discouraged about his hand and a few other things and decided not to play basketball further; consequently, about the early part of February Bill gave up the sport and we concurred in his decision. Therefore, Bill has not been out for basketball since that time.

Sincerely yours,

Director of Physical Education and Recreation

Dear Dr. Allen,

On December 5, 1940, Bill Hogben reported at the dispensary following an injury to his right thumb three days previous. The examination and x-ray picture showed a fracture at the proximal end of the first phalanx with a complete separation of the small bone fragments lying close to the joint base.

This injury continues to give him some trouble and on March 3 we sent him to see Dr. Francisco. Dr. Francisco recommends removal of the bony fragments. This would be a minor surgical procedure and would not in any way interfere with his school work.

I am bringing this to your attention for your opinion as to whether or not this could legitimately be charged against the Athletic Department.

Sincerely,

Ralph I. Canuteson

Dear Phog;

Just to let you know-- we are plugging along on above Tournament---and that we will have a meeting this month and hope that you can attend---I know that this is your busy time--- and will be for another week or so-- but there is nuthin really of heavy work can be done right now---- would if possible like to try and line up K U Golfers-----some of these days-----also I have a letter from Wichita Golfers --they would like to come here on some Sunday in early May --for a Golf Match against Lawrence and no doubt to get acquainted with our course-- they seem to think that they can bring at least 25 here for afternoon play----- and they claim that Wichita will send to tourney at least----- 30 players--- which will be a help to us.

A letter has gone out to the President of the Pro Ass'n-- asking there, suggestions and criticisms and etc for there Tournament---- also we have sent Courtesy cards-- to all Sport writers on the different papers in Kansas.

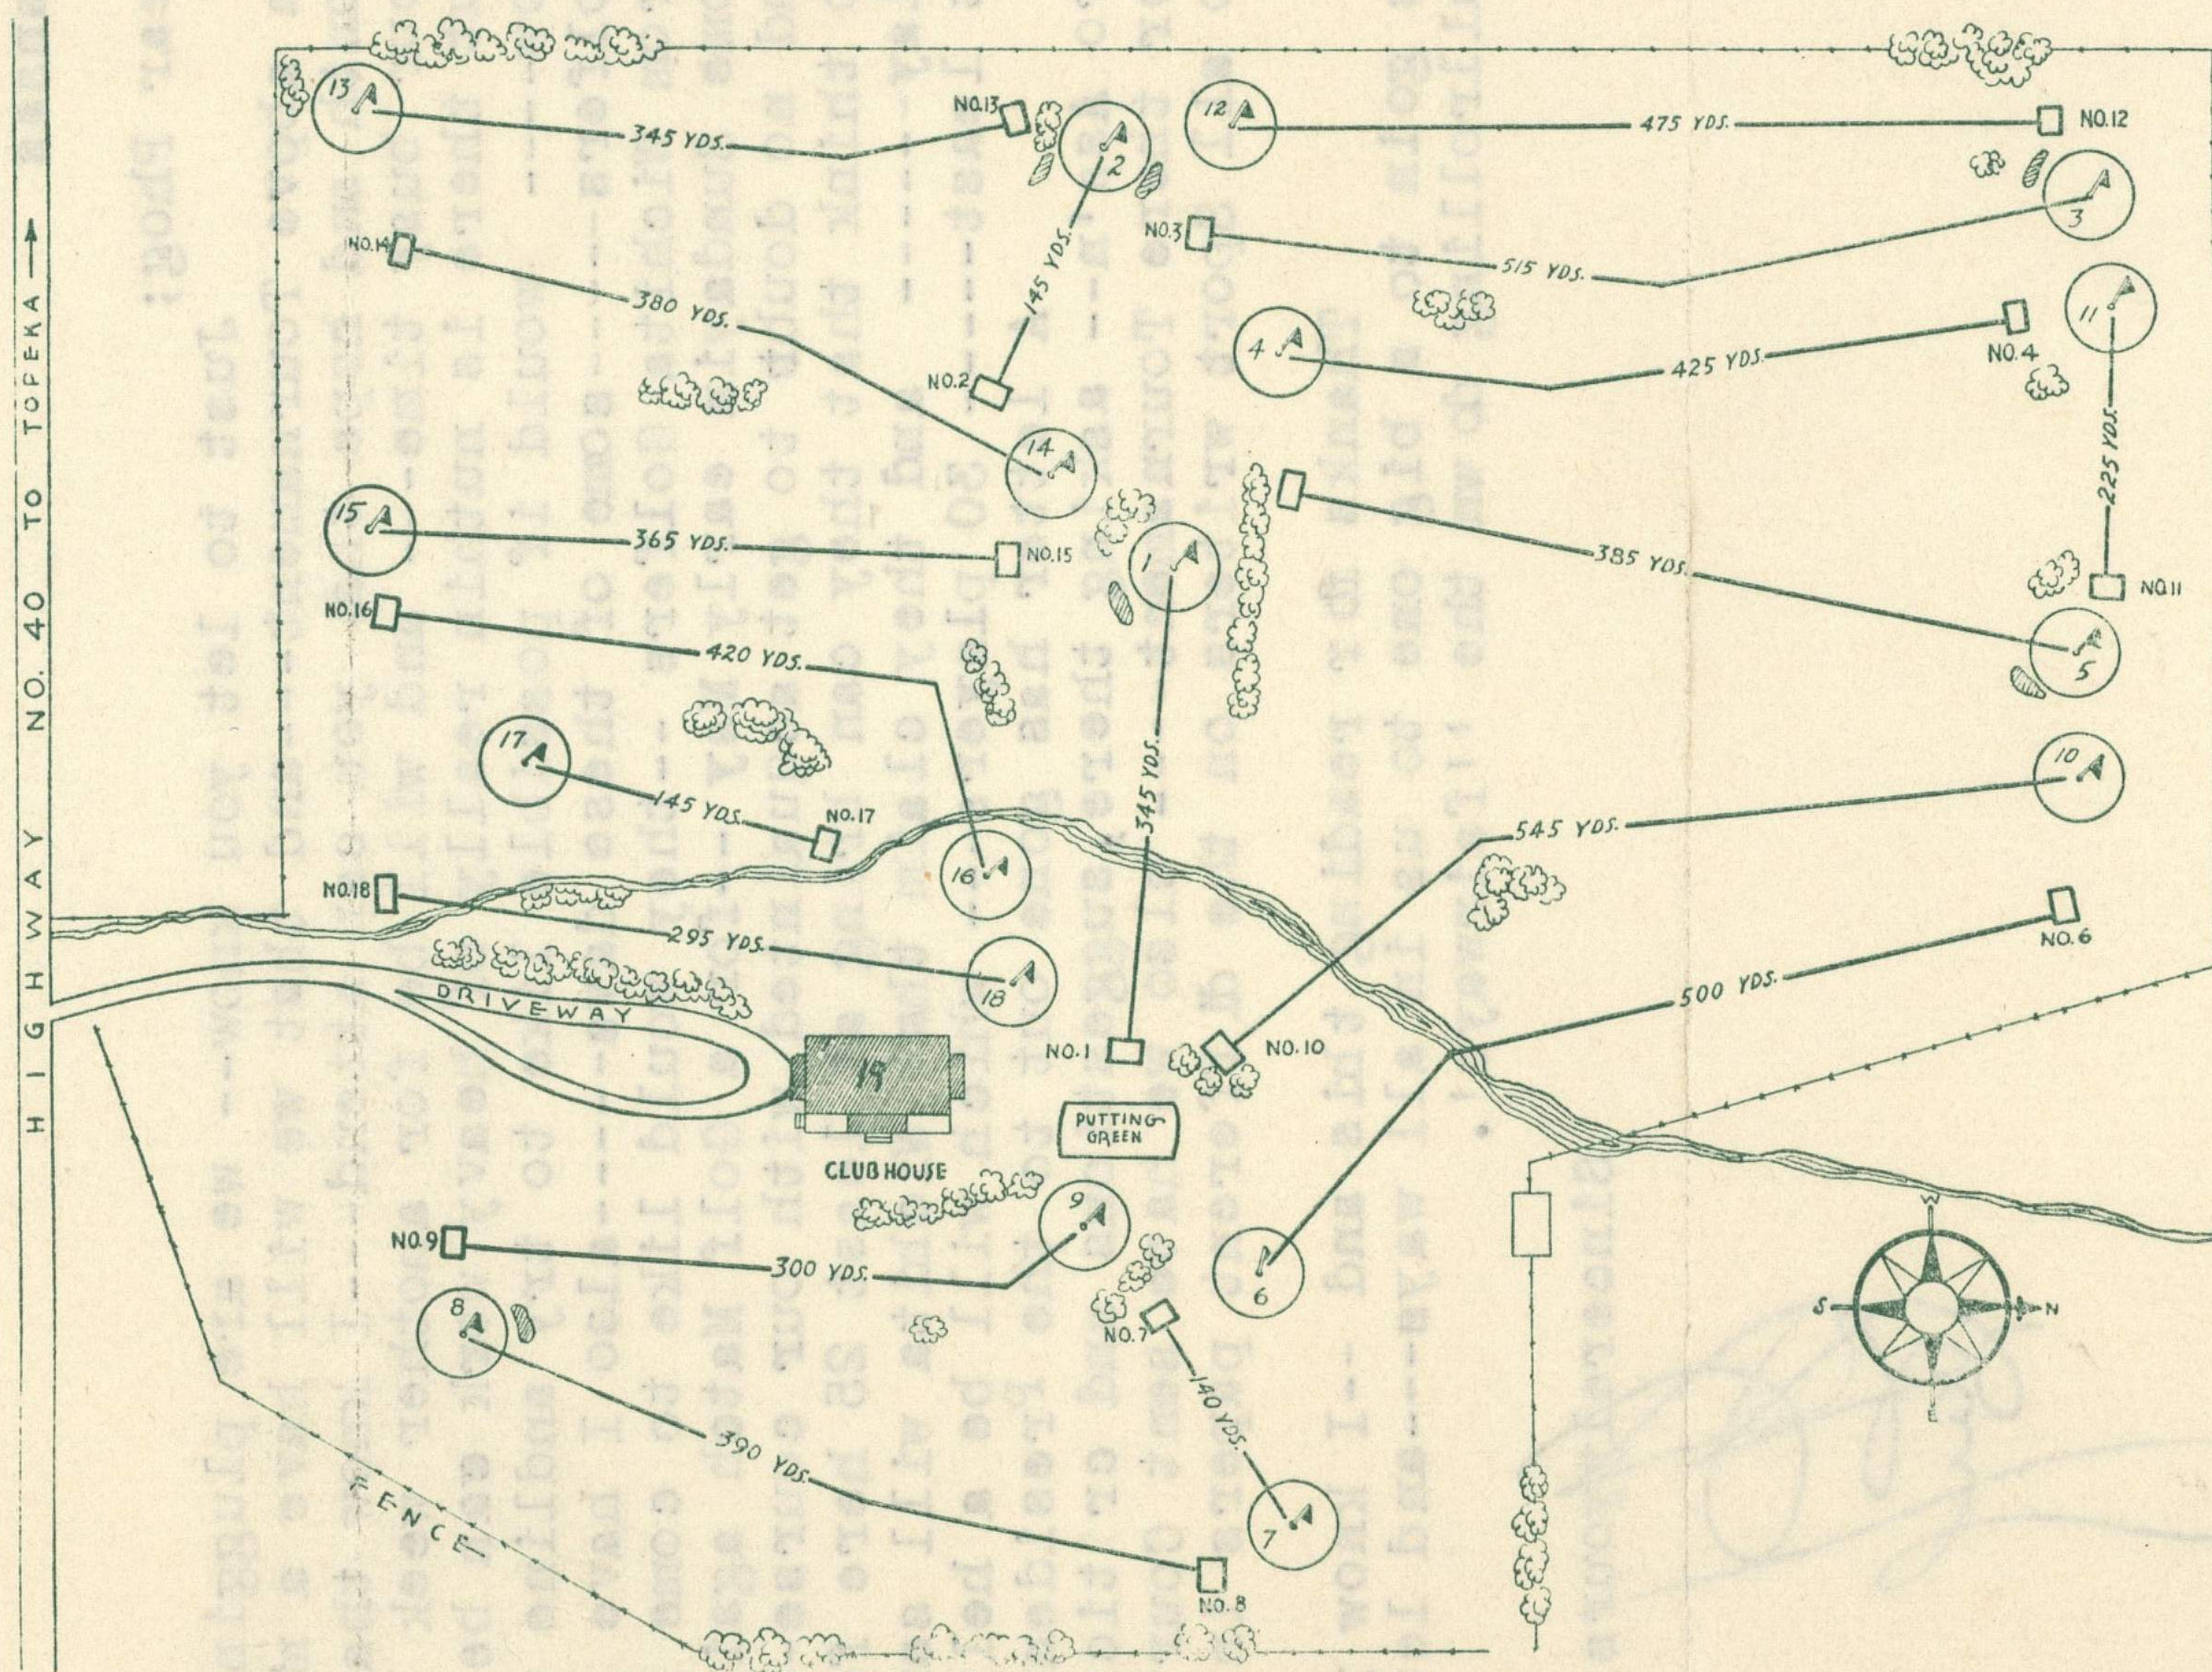

Thanks for reading this and --I know your help is goin to a big one to us in all ways---and lets keep the ball rolling down the 'fairways'.

Dear Mr. Chestnut:

Dr. Allen and the basketball team are on a trip, but just before leaving he asked me to tell you that he did not believe you would need a signed statement to get in to see him at the Oklahoma A. and M. game.

After you once get into the auditorium, the ushers are easy to handle, and Dr. Allen has asked that you go directly to his bench in the auditorium. He is sure you will not have a bit of trouble.

When he sees you at the game that night Dr. Allen will be glad to talk with you about your son, Lorraine. Dean Templin is not very enthusiastic about athletics and the least said to him about that would be the better policy, Dr. Allen believes.

With all good wishes, I am,

Mr. F. C. "Phog" Allen

Dear Friend, "Phog":

I want to tell you that I greatly appreciated your suggestions about the tickets for the Oklahoma A & M game with your team. Coach Murry is from Oklahoma and is a great admirer of that team's basketball ability.

I wasn't the only one but I lost the drinks on the game at Stillwater as I wagered with him in a friendly way that Kansas University would win and that Howard Engleman would make at least eleven points. I am sure the game at Lawrence will be an interesting one with the outcome being in doubt.

I was thinking that it might be helpful to me if you would send me some kind of a signed statement or card which would make it easier for me to contact you at the game that night. Guards have their orders, and it is embarrassing to try to get by them unless a fellow has a pass or an identification card of some kind.

I think we will take ten or twelve boys to Lincoln on Saturday night for the game there. I well remember the game there about three years ago when you won by two or three points ("and the apples flew").

I don't know whether you would be in a position to say anything or whether it would be wise to do so, but Lorraine, my son, has an application in for one of the Resident's Hall Scholarships of which Dean Templin is chairman. You know better than I whether it would be wise to say even a word. Anything you might say would be greatly appreciated. I hope someday I will be able to send you a basketball player from my high school, but the best one we have had since I have been here went to Colorado University.

Dear Doc:

Our board at Rockhill is 9 feet high and is very satisfactory. It may be that you might have more beginners who would hit more wild shots and thus could use a higher board. I talked with our groundkeeper who is very experienced and he said you would get a long fine with 9 feet and that 10 feet of course would be O.K. too. The width of ours is about 30 feet.

Congratulations again on beating Missouri. I almost went down but my luck hasn't been as good in Columbia and I didn't want to jinx you. However my money went along and I am happy to report good Mizzou money is jingling in my pocket.

Good luck Tuesday.

Regards,

Dear Lyman:

I am very happy to have your good letter of the 30th ultimo and I immediately took your letter to Mr. Earl Falkenstien to tell him that you wanted three additional tickets besides your K-ticket for the Oklahoma game on March 7.

Mr. Falkenstien said that he would be very happy to take care of you and you can count on the tickets being reserved in your name. They will be held here until your arrival on Friday evening, March 7. However, if you want them sent to you you could write to Mr. Falkenstien and he will handle them as you desire.

I certainly will convey your good wishes to all the boys and I am sure that Bob and Howard will be mighty happy to hear from you.

You asked about the price of tickets. Single tickets are 75¢ including tax.

With all good wishes to you and your family, I am,

Dear Doc:

If everything goes as it should I am going to see the team play Oklahoma on March 7th, at Lawrence. I have not been able to see many games since leaving school, but I have been keenly interested, and proud of the teams success.

As I understand it, I am entitled to one ticket. I would like to have three additional tickets. Good seats will undoubtedly be hard to get for this game, but I hope by writing this early it will be possible to obtain some. Let me know how much three tickets amount^{to} and I will send my check to cover it.

If it is not convenient for you to handle this matter, I would appreciate it if you would refer it to the proper person.

It is good to see Bob and Engleman having a big year. They are really two great basketball players.

Give my regards to all the boys, and best wishes for your continued success.

Yours very truly,

Lyman Corlis

I must continue to tell you how you "hit the spot" for us here, Saturday night. Again and again, since that evening, from faculty, students, and town's people has come the statement that "Phog" Allen certainly delivered in terms of our particular Home-Coming.

You and Mrs. Allen made a lasting place for yourselves in the followers of our school. Ours is a family-like group of people as you observed. We enjoy it so much when people fit in to our group.
