

March 20, 1941

Mr. C. A. Clingenpeel
Health and Recreational Service
Central College
Fayette, Missouri

Dear Mr. Clingenpeel:

Thank you, "Clingie", for your good letter as of March 3. The Nebraska game was a corker and we were more than delighted in our ability to whip them. They were a tough crew and the crowd was rougher than pig iron.

Yes, it has been a great pleasure to have Bob on our team. He has been a fine student and an exemplary chap, both in the home and on the athletic field, and he has been what we call a clean player. He has been a great source of pleasure.

I also thank you for your angle on the increased number of basketball players on the court. I would go along with your idea of removing the fouling player from the game for a period of one minute. You know that is the way basketball started. But, Clingie, the greatest benefit to the game would be to raise that basket two feet. You would practically cut out the two foul shots because there would be no great urge to drive into the basket for a lay-up.

You would reduce the number of fouls to nearly one-half, and instead of ganging in and crashing under the basket, the play would be to pass out for shots fifteen feet from the basket rather than under it. And the tall player would lose his importance tremendously because many of these gangling fellows would be forced to shoot the same as the rest of the players do who are not so tall. His marksmanship would not be comparable to the well-knit, well-coordinated versatile athlete who accommodates his muscles of his eyes to height the same as he does to distance. If you will raise the basket two feet and scrimmage a few times, I am sure that you will be sold on that change more than any other.

Again thanking you for your kind words and wishing to be remembered to your good wife and your splendid family, and with one other fond wish; that you have more than one of your four sons who will be a stand-out in games in which you stood out so prominently, I am,

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach

CENTRAL COLLEGE

FAYETTE, MISSOURI

HEALTH AND RECREATIONAL SERVICE

March 3, 1941

Dr. Forrest C. Allen
Basketball Coach
University of Kansas
Lawrence, Kansas

My dear "Phog":

Congratulations on your game Saturday night at Lincoln. It must have been a thriller. We enjoyed the Mo.-KU game the other night and without question the better team won. We were agreed that we have seen better Kansas teams but that is as it should be. Your son, Bobby, was the standout in both defensive and offensive play. I know it makes you feel proud to have a son that can both interpret and execute your coaching. I have four sons and out of that number I may get one athlete. I hope so at least.

I read with interest, a few weeks ago, your suggestion that the number of players in a basketball game be increased. I am in happy accord with you on this, even without enlarging the court. Since but one-half of the court is used now except for the ten second period, why not increase the number of players to, say eight, no more than five(5) of whom can be in any one-half of court but have the privilege of interchange. Hockey rules might be invoked so that in case of fouls where free throws are allowed, remove the fouling player from the game for a period. If a foul involved but one shot, remove player for one minute. If it were a two shot foul, remove him for two minutes. This would unquestionably slow the game down and be less exacting on players.

I think with you that a game as popular as basketball should be played with a larger number--the Arkansas U. coach's opinion not withstanding. I'm sure the game can be improved and I think your suggestion a good one.

Yours very cordially,

C. A. Clingenpeel

Mr. Heze Clark
2005 N. Delaware Street
Indianapolis, Indiana

Dear Mr. Clark:

I was very glad to have your letter of February 9.
It was nice to hear from you.

It will be a pleasure for me to send you a copy
of the "Sportsman's Prayer", and I am enclosing a copy
herewith.

Yes, I too enjoyed those two weeks in Superior,
Wisconsin. I shall never forget them. I am glad to know
that both you and your son, Jim, are still busy in athletics,
working as officials. I know you both must be enjoying
the work.

Thank you for your good wishes, and I assure
you they are reciprocal.

Sincerely yours,

Director of Physical Education and Recreation

HEZE CLARK

2005 N. DELAWARE STREET

INDIANAPOLIS, INDIANA

February 9, 1941

Dr. Forest C. Allen
Division of Physical Education
University of Kansas
Lawrence, Kansas

Dear Friend:

It has been some years since I have written to you and I believe you will think the only time I write is when I want a favor. However here goes. In some way my copy of the poem the "Sportsman's Prayer" has been lost from my files. You sent me that copy in October 1934 and I had always kept it with other poems that I liked, but it is gone and I am presuming on good nature and asking you to please mail me another copy. Thanks in advance for this favor.

I have been back in the newspaper game for twelve years since leaving Rose Poly in Terre Haute. However I still work as an official in football and other sports. I have a son Jim Clark, 29 years old, who is busy in athletics as referee in many football and basketball games and he also coaches swimming at the Kirshbaum community center one of the big clubs in the city.

I hope you are enjoying a successful athletic season. It would seem that the U. S. is getting ready to repete in another World War and if so I am sure you will be one of the men who will help direct the athletic program just as you did some 25 years ago.

I send you best wishes and hope you success and health,
I am

Sincerely yours

Heze Clark

P. S. I will never forget that wonderful two weeks at superior Wis., when you coached basketball and Pop Warner football.

All-State Indiana High School Football Teams

By HEZE CLARK, INDIANAPOLIS TIMES

SEASON 1940

Position	First Team	Second Team
Left End.....	William Clarkson (Sullivan)	Cornelius Ervin (North Side, Ft. Wayne)
Left Tackle.....	Tom Manuszak (Central, South Bend)	Dmitri Tadich (Washington, East Chicago)
Left Guard.....	Bud David (Hammond High)	Joe Diehl (Memorial, Evansville)
Center.....	Joe Kodba (Washington, South Bend)	Bob King (West Lafayette)
Right Guard.....	Eugene Hall (Lew Wallace, Gary)	Bill Kendall (Clinton)

Principal E. M. Chestnut,
Beloit High School,
Beloit, Kansas.

Dear Early:

I have just returned from the Iowa State Coaching Association and find your letter on my desk. I am happy that Lorraine's application was accepted by the Co-op organization.

You tell Lorraine to come in to see me any time that he is in need of anything. It will be a pleasure for me to help him.

With all good wishes for your continued success,
I am

Sincerely yours,

FCA:AH

Director of Physical Education and Recreation,
Varsity Basketball Coach.

BELOIT HIGH SCHOOL ~~~~ BELOIT, KANSAS

E. M. CHESTNUT, PRINCIPAL

"Home of the Trojans"

August 20, 1941

Mr. F. C. Allen
Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear Friend Dr. Allen:

Just a short note to let you know that Lorraine's application in the Co-Op organization was accepted. We made a special trip to see Bob Fluker after returning from Lawrence, at which time he put in his application and he very quickly was notified that it had been accepted.

Living at the Co-Op Club will be a great financial assistance to him and his parents. He has filed applications for employment at the Student Employment Office and with the NYA. I fear that his application for NYA assistance would most likely be rejected, for it might seem that he would not need the help as much as some others. The facts of the case are that he will need to work some. If there is any way that you might be able to help him or recommend him in securing employment it will be appreciated.

His golf has been pretty good this summer as he has been able to tie the course record on two occasions, and he had rounds of 31 with par score being 36. You might well know that was too hot for the old man.

The baseball season is drawing to a close and it will not be long until pig skins will be the order of the day to be followed shortly afterwards by rebounding basketballs. That means a lot of work for you. We start enrolling tomorrow morning.

I hope you have another pleasant and profitable year at Kansas University.

Sincerely yours,

Mr. E. M. Chestnut
Principal

EMC:cm

August 25, 1941.

Mr. John Creas,
Physical Training Department,
Maxwell Field, Alabama.

Dear John:

I have just returned from the Iowa High School Athletic Association coaching school, and find your letter of the 21st instant on my desk. I am very happy to know of your location, and wish for you and Dorothy success and happiness. We shall give the University business office your address so that your checks for your summer work will be forwarded to you.

Dorothy, we appreciate all the fine things you did this summer and I want you to know that we received many compliments from the mothers on your excellent work with the children. So many of them said, "She is just a natural little mother", and I think that is a fine tribute.

John, I want you to know how much we appreciated your exhibitions during the Summer Session and at the basketball games. You created a fine impression.

If and when the emergency is over we will be happy to use you if we are given enough time to make our budgetary allowance. Of course, it might be altogether possible that we would be committed to certain other scholarships that might keep us from fulfilling our desire to go along with you, but I am hoping that we will have information in advance of the time so that we can take you on when it is your desire to return. Doubtless with the salary that you will get you can lay aside a small nest-egg that will help you to continue your education so that you will not have to keep your nose to the grindstone.

I am wondering, John, if you would tell me some of the best students you had in your classes who might be returning this year. It is possible that we might use them as student assistants, and I would appreciate having your recommendations.

With all good wishes to you both, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.

Physical Training Dept.
Maxwell Field, Alabama
August 21, 1941

Doctor F. P. Allen
Director of Physical Education,
Kansas University.

Dear Dr. Allen:

My appointment to the position of physical instructor was approved yesterday so I will be working for the War Department until the emergency is over.

I want to thank you very much for helping me at K. U. and in getting this position as well. Of course my Masters Degree remains to be completed at K. U. so at some indefinite time I will be returning to complete it.

Mr. Smith, the director here, is a fine department head and I think I'll like it here.

Thank you again for the help and here's wishing you an other successful year.

Respectfully yours,
John Cress

1500 Crescent Road
Lawrence, Kansas
August 7, 1941

Dr. Forrest C. Allen
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

I am listing the information you had in mind to send to Mr. Earl Schaeffer at Wichita.

I graduated in 1932 with a degree of Bachelor of Science in Electrical Engineering. New employment for engineers seemed impossible because of the depression and I found it best to stay with my job as an electrician for the University. In 1936, I was promoted to Chief Electrician at \$150.00 per month.

My duties and experience as Electrical Engineer for the Maintenance Department of the University of Kansas are essentially of two classes: First, designing, estimating costs, preparing specifications for material to be purchased and installations to be made, inspecting of material and work, and conducting tests such as illumination surveys, strength tests of materials, and efficiency tests of electric refrigerators: Second, supervising the installing and maintaining of underground cables, electric wiring, machinery, and equipment which have to do with the underground electric power transmission, distribution systems in buildings for power, lighting, and laboratory purposes, illumination, intercommunication, sound, air conditioning, refrigeration, ventilation, and laboratory equipment.

If Mr. Schaeffer is able to arrange an interview for me I shall be glad to go to Wichita or Seattle or both. I will be on vacation until September 1st, and a little trip to Seattle wouldn't be bad at all. I will be going through Wichita within the next week as I plan to visit relatives in Oklahoma.

I certainly appreciate your writing to Mr. Schaeffer about me, and I hope he will be able to see me and make me an offer.

Very truly yours,

Raymond L. Crow

August 14, 1941.

Mr. Owen Carl,
Fish Creek, Wisconsin.

Dear Owen:

I am sending you a copy of a mimeographed letter that I wrote our basketeers. Thought while you were angling or musing that you might like to run over one. I trust you and Dr. Jones are getting your quota.

With all good wishes to you and your family, I am

Sincerely yours,

FCA:AH

Director of Physical Education and Recreation,
Varsity Basketball Coach.

June 18th, 1941

Mr. Lefford F. Cushingbery
Medicine Lodge, Kansas

Dear friend, Cushingbery:

I find that I failed to answer your good letter of April 14th. My baseball, Commencement speeches, my speeches in the Grapefruit and Lettuce League, and the University Commencement as well as the Seventy-Fifth Anniversary have kept me from digging your letter out of my belated correspondence file.

Of course we had a good visit with Bill Forsythe during the Kansas Relays when the boys shot baskets. I understand that Bill is all set to be with us this fall.

Now regarding fraternities: While I'm a Phi Psi, I absolutely refuse to have anything to do in rushing a boy for this or that fraternity. I did not show your letter to Mit, nor shall I, because I have always insisted that all of my staff stay away from rushing during rush week and after the boys have made their decisions, then of course I drop down to the house to say "hello" to them.

It's often been said that I have a great many of the Phi Psis on my basketball team, but it's through no activity of mind that they become Phi Psis and if they make the team I assure you it's no favoritism shown them by me.

I mention this in a very straight forward fashion so you will know my attitude in regard to fraternities. A non-fraternity boy has just as much a chance to make my team as does a fraternity boy. I have lived too long a time to let a Greek letter shown upon the breast of a boy influence me in making a decision regarding his athletic ability.

I do appreciate your interest and it has been a pleasure to me to have known you. I hope that when you play in Wichita, February 2nd, or in any of our Conference games, that you will make your presence known. It will be a pleasure to have a visit with you. I appreciated your hospitality while we were in Medicine Lodge last spring.

With all good wishes, I am,

Sincerely yours,

Director of Physical Education and
Recreation-Varsity Basketball and
Baseball Coach.

(7)
Dr. Forrest C. Allen,
Kansas University,
Lawrence, Kansas

Dear Doctor:

Bill Forsyth was just in my office to tell me that Clifford Forsyth (no relation) who also played on our team was coming to Lawrence with him for the Relays, and I am sure he would appreciate an invitation from you too. In my very humble judgment he is not Big Six material, but is a nice clean boy.

I feel that you would be glad to hear that Bill and his parents are completely sold on "Phog" Allen, and will definitely send Bill to you next Fall. His father told me Saturday that he was going to write you and tell you that he was just sending the boy up to you to handle as you see fit, and that Bill was to understand that you were to be a father, Coach and any other capacity that you thought was necessary. With that kind of a beginning I think you can anticipate a most pleasant relationship beneficial to all concerned. Incidentally, Bill plans on staying at the Delta Tau house where he stayed before, so you will know how to handle that proposition.

I don't want to suggest anything improper, but I have talked to our mutual friend, Drew Hartnett, about making a Phi Psi out of Bill. Right now Drew is still so excited about his week old boy that he is no good for anything else. If it is possible and proper for you to show this letter to Mit or to mention it quietly to him, he might want to give the boy some attention this week-end.

With kindest personal regards, I am,

Sincerely yours,

Leaford F. Cushenbery

June 21, 1941.

Mr. G. Alan Chidsey,
Steppingstone Lane,
Great Neck, New York.

Dear Mr. Chidsey:

I am sorry that you feel I am buying your book at a sacrifice price. However, the thing that prompted me to make this offer to you was the fact that Mrs. Allen keeps a scrapbook for Bobby and the other children and she has an unusual knack in getting these up.

When Mrs. Allen saw it she said, "Why, I could make one exactly like that for nothing - just a little extra work." Honestly, I felt guilty when she said that, and if I had sent your book back Mrs. Allen would have copied some of your ideas in getting something of this nature for Bob. I would have felt more guilty than I did when I offered you \$3.50 for the very clever little book.

I am taking down my hair and explaining why I did not want to send the book back. It would have looked as if I were more unappreciative than you think I might be in sending you \$3.50. Please find enclosed check for \$3.50.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach

Dear Doctor Allen:

It has been reported to us that you will probably need an Instructor in Physical Education.

Will you please write or wire us about this? We should appreciate the opportunity to make recommendations and assure you that your instructions will be followed closely in selecting candidates to fit specifications.

College and Specialist Bureau is National in scope, drawing its members from all the leading graduate schools. Every registrant is thoroly investigated and must meet a high standard of training, ability, and character.

The dean of a large Mid-western university wrote: "Your discriminating and unobtrusive service in supplying superior candidates has been of great help to us."

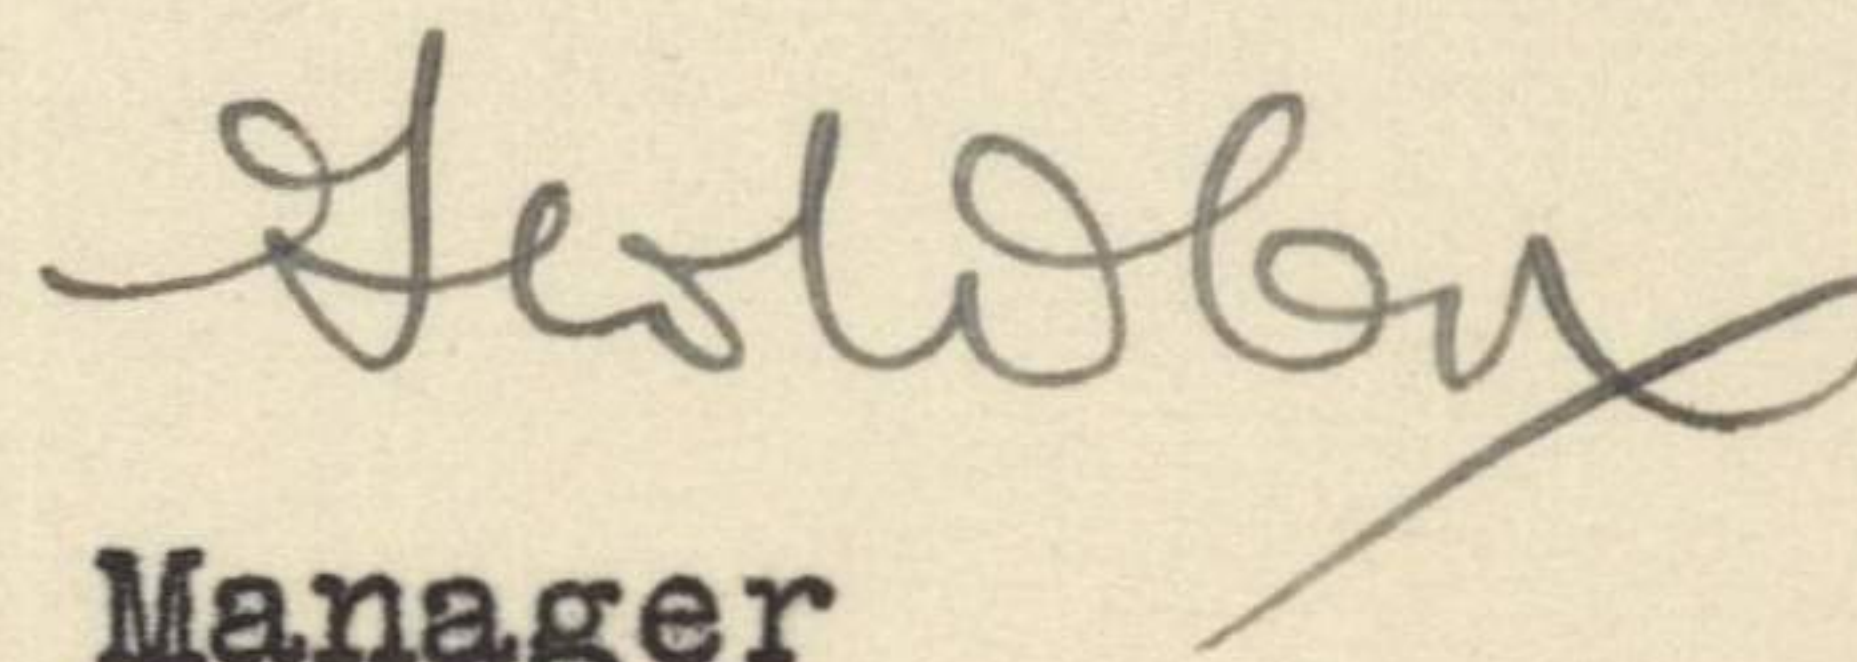

You will be pleased with the definite and relevant information furnished promptly about the candidate. "The papers that you send contain exactly the information that I want," wrote an Eastern college official.

If there is an emergency, please wire us collect, stating salary and minimum requirements.

In any event, we should appreciate hearing from you; so we may know how to dispose of the report before us.

Sincerely yours,

Dear Parke:

Mrs. Allen, Bobby, Eleanor and I wish to thank you very much for your thoughtfulness in sending us that wonderful grapefruit juice. It was marvelous and we think of you everytime we quaff the elixir of the South. You must have had a wonderful stay down there with sunshine and this health giving beverage. I bet you are in better physical shape now to run a ball game than when you went down there; at least I hope so.

I have just received a letter from Roy Haney asking us up to some of the ball games, and sometime this summer we may take advantage of this, at which time we will say hello to you.

With many thanks, I am, ~~sure~~

Appreciatively yours,

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach
