Doctor Forrest C. Allen  
Department of Physical Education  
Lawrence, Kansas

Dear Doc:

Congratulations on a swell job. I know it isn't over but win, lose, or draw you and the boys have put on a great performance. After all the only time it's really fun winning is when the chips are down.

Give those Tigers a fit - I don't like anything about them.

Regards,

*Junior*

*A new daughter wishes you luck, too.*
