Dear Dr. Allen:

The writer wants to thank you again for the pleasant afternoon spent in your company and for the fine talk delivered at the Lions Club.

I was very proud of the boys at the basketball game and while we lost they were certainly all gentlemen. Their spirit was fine and they were all in there fighting all the time. I think Kansas has another typical 'Phogg' Allen team.

I also appreciate the other courtesies shown by you to me. With kindest personal regards, I am

Sincerely,
