

Delbert Crabbe, who was in your Basketball class two years ago (with Joe Giannangelo), stopped in the office Saturday to ask if you would send a letter of recommendation to the school authorities at Ellis, Kansas. He has been the Band Director there 2 yrs., and now there is an opening as basketball coach which he thinks he could fill. This would be in addition to his band work. He played 3 years in the McPherson Conference, but due to a shoulder injury did not come out for basketball here. The letters should be written soon to
