

September 8, 1939.

Mr. Wayne Culp,
Grand Island, Nebraska.

Dear Wayne:

I have been down at Atlanta, Georgia, for quite some time and have not had an opportunity to answer your good letter of August 27th sooner.

I will be very happy to see Earl Olson when he comes to Lawrence and I am glad that you have taken the trouble to write me regarding his outstanding ability in basketball. The fact that he will study medicine and be quite self-supporting is pleasant news.

Our youngest son, Bob Allen, is a pre-medic, being a junior this year, and incidentally plays basketball. I will make it a point to ask Bob to meet him and bring him in the office. Won't you write Earl and tell him that I am hoping he will drop in to see me? I am writing a note to him, which I am enclosing with this letter.

With kindest personal regards to you and your dad and your brother, I am

Very sincerely yours,

FCA:AH

Director of Physical Education and Recreation,
Varsity Basketball Coach.
