Dear Sir.

I am writing you in regard to a boy entering K. U. this fall from Beloit, Kas.

The boy's name is Earl Olson. An all around type of boy, very likeable and energetic. His basket ball ability is very outstanding and he likes it. Also a golf player.

He will study medicine and will be quite self supporting. I am confident you will like him, and am sure he will do you some good. Hope you will meet him soon.

Thanking you for this and past favors.

Your friend  
Hague Culp.
