

NEBRASKA STATE TEACHERS COLLEGE

KEARNEY, NEBRASKA

I would like very much to get a job in some small school where it would be possible to finish my school work as I progress.

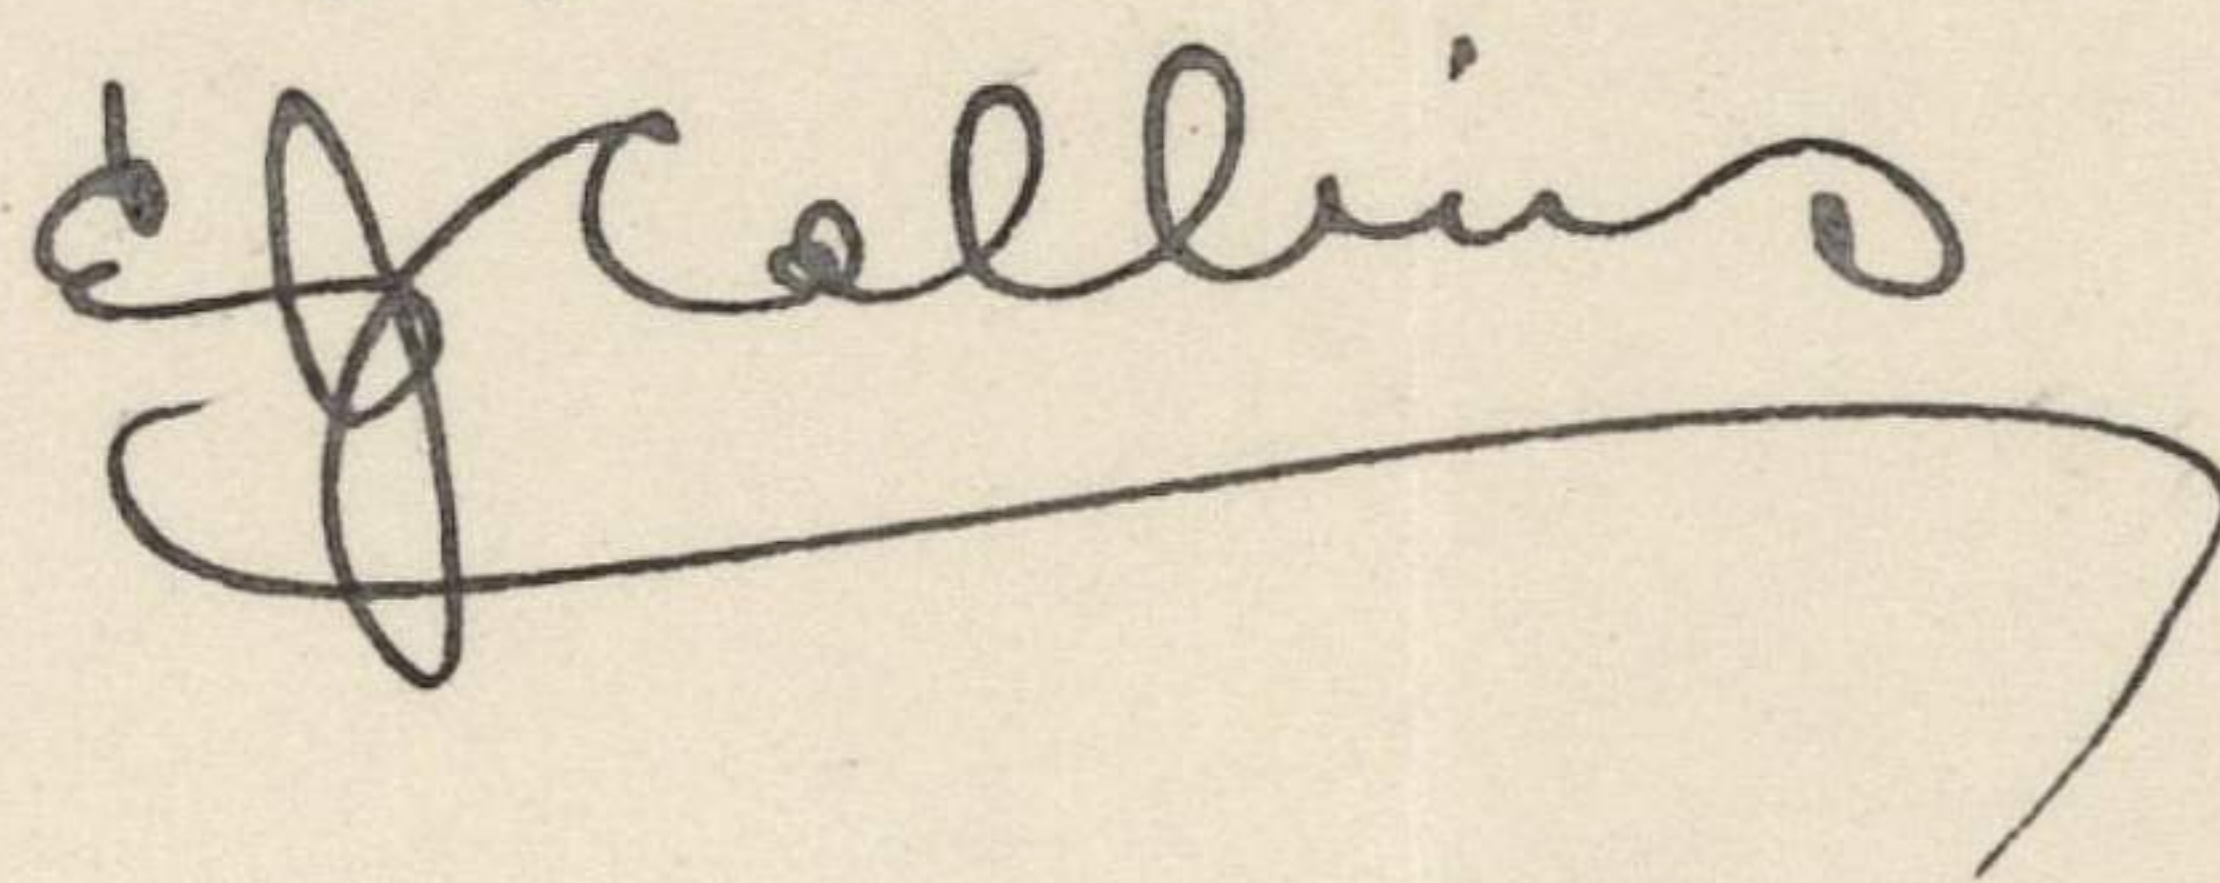

Doctor if it is not too much trouble I wish you would write and let me know if it would be possible to learn more about manipulations and the finer points of training in one summer school or in one semester. I haven't the money to spend that would enable me to come back to Kansas for a very long time.

I will appreciate anything that you can tell me in this matter and will be deeply grateful for any result.

Paul Newell of Phillipsburg, Kansas is here in school this year and was a very fine tackle on the football club and is now playing guard on the basketball team. He asked me to give to you his best regards. Tell Dean Nesmith 'Hello' for both of us, if you will please.

I thank you for any consideration and hope to hear from you soon.

Sincerely yours

P.S. Pour it on those other fellows in basketball; I still think of K. U. as my school.
