Chancellor E. H. Lindley  
University of Kansas  
Lawrence, Kansas

Dear Chancellor Lindley:

Will you kindly pass this letter and announcement on to the person in your institution who is interested in recreation and leisure time work.

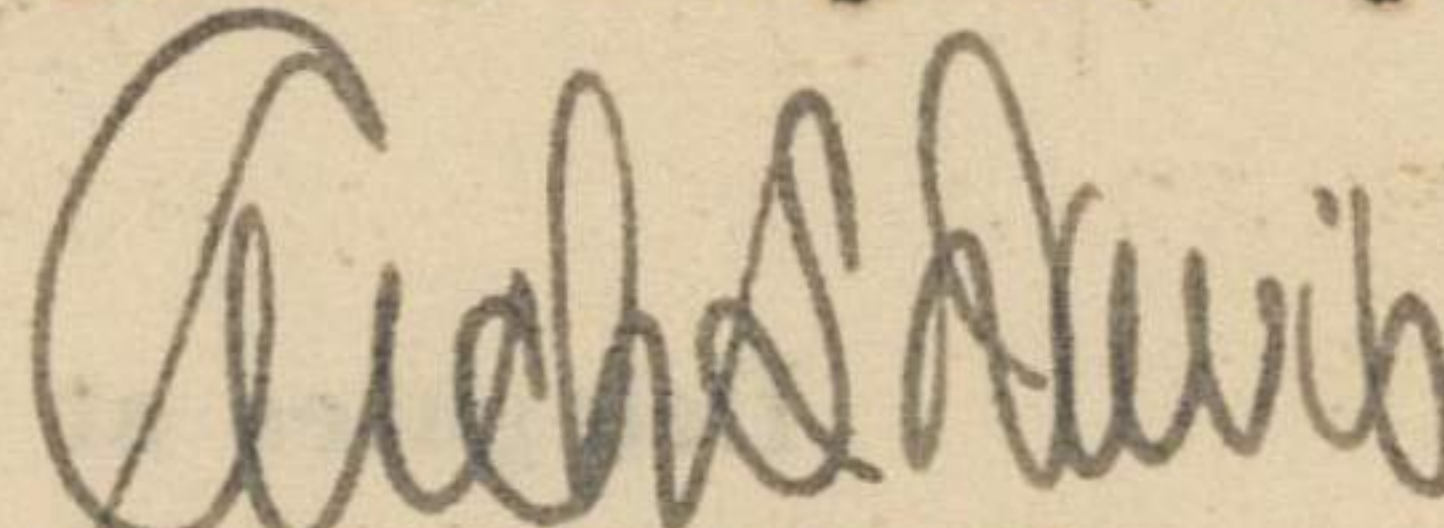

The National Recreation Association, New York City, is bringing members of its regular staff of instructors to Kansas City from September 27th to October 22nd to conduct a recreation institute. No doubt there are members of your staff who are interested in recreation work and who may know of some one who is interested.

In January, 1936, when this institute was in Kansas City there were 295 persons registered for the complete course or for a part of the course. Among this number were about fifty teachers and instructors from the physical educational and recreation department of the Kansas City public schools. Most of these teachers registered for the night classes.

It seems to us that this is an opportunity that should not be overlooked by those engaged or interested in recreation work.

If you can use more of these announcements write this office or if you know of some one whom we might contact we shall be glad to have the name and address.

Yours very truly,

Arch S. Davis  
Assistant Director.
