Meadville, Pa.

Dear Mr. Chisholm:

I have just received a letter from Mr. L. R. Freeburg, vice president of Lowe-Campbell, stating that he would check with the boys there, but he had no information that an order had been received from you for a coaching outfit.

He stated that of course it may come along in a few days, but it had not arrived, as yet.

I thought that I would write you and let you know of this situation so that in case you have sent it you might check with the individual to whom you gave the order.

Very sincerely yours,
