

November 1, 1937.

Mr. John T. Cooper,
The Lee's Summit Journal,
Lee's Summit, Missouri.

Dear Johnny:

This will acknowledge receipt of your favor of the 30th ultimo.

Of course, you know that I have nothing to do with the administration of competitive athletics here at the University. That is handled by my successor, Mr. Gwinn Henry. However, I have mentioned this matter to Mr. Earl Falkenstien, the financial secretary of the Athletic Association, and I am very sure that you will hear from him in a short while, and, I hope, favorably.

You Lee's Summit football fans have always been very kind in your attitude toward the University of Kansas, and we greatly appreciate it. I am happy that the Lee's Summit fans are watching K. U. with more than a little interest on account of Jack Hall.

Jack is a fine, scrappy boy, and is proving a very good student. Jack certainly is getting better every day, and I believe that by next year he will give any center in the conference a whale of a battle. I am very fond of him.

Tell my Lee's Summit friends "hello".

With kindest regards, I am

Sincerely yours,

FCA:AH

Director of Physical Education.
