Dear Dr. Allen:

We have scheduled our formal lettermen's dinner and dance for the evening of April 28th. The cadets in whose honor the affair is planned are desirous of having you give the address of the evening. With your permission, a part of the program will be broadcast by one of the local stations. Regardless of that, we should be honored to have you and Mrs. Allen with us and will try to provide a pleasant evening. If you choose to return to Lawrence the day following the program I shall see that you have the best hotel accommodations our city offers.

I shall appreciate an early reply.

Very truly yours,

R.L. Clem
