Mr. Forrest C. Allen,
Director of Physical Education,
Lawrence, Kansas.

Dear Phog:-

Jack Buckman and his brother, Paul, were in Saturday. I told him to enroll in school and we would find a way of taking care of his needs. His brother Paul said that if he could get a job he would help Jack and no other help from the Argentine business men would be necessary. Now, in this connection, I would suggest that you call Lewis H. Brotherton, Drexel 1717 office number, Fairfax 5134 residence number. There is going to be an opening in our janitor force on the 25th. Lewis told me that he had a man for this job but may be if you call him he will consider Paul. I would not say that I suggested it for the reason that I want you to put it up to Lewis in a way that he would feel that he is doing it himself for the school. You might just ask him if he could take care of this job in some way as you know he has charge of employment of a good many men.

Your letter speaks of \$15.00. I understood over the phone that if the men were willing to take care of this \$15.00 it was that much a month. It now is not clear as to whether it is \$15.00 a month or just \$15.00 total. I presented this to the Argentine men and they are to let me know.

Jack's brother Paul is very enthusiastic over him going to K.U. He told me that his family is much happier now since he has made a decision to enroll in Kansas. Paul is about 25 years old.

Ted Kenny has great possibilities in an athletic way if he could be weaned away from his present associates. Jack wants him to room with him and I am sure that if this arrangement can be made, it will profit both boys for Ted is a very bright boy and probably could help Jack with his work. Ted has means of help that he could call upon if necessary. I understand that he has an uncle in Texas who would be willing to help. His sister is one of our teachers; however, I have never talked to her about Ted. She probably could be induced to help him if it was necessary.

This fellow Calovich is not much force and I would not spend any time upon him. The only reason I got him a job is because I understood he was a good friend of Renko's but I believe that Fred can now control Renko.

Radensic is only a fair boy and we would not lose if he decided not to stay at Kansas. I might also add that Calovich and
