Supt. Clyde O. Davidson,  
Columbus, Kansas.

Dear Superintendent Davidson:

I am not exactly sure as to the date that I will be free between the 6th and 11th of March. I was wondering which date would suit you the better. By asking your preference of dates it might be that we could agree upon a date that would suit us better and do just as well for us.

I would like for you to state the date that you would most prefer and we will try to arrange to come on the date that suits you and your school system.

The state does not make any provision for travel expenses, so it would be necessary for Dr. Haismith and me to drive. The very least possible that I can drive my Buick for is six cents a mile. I cannot break even on that. I have just looked at the map, and it looks to be 175 miles there at a rough guess. That would be 350 miles at 6¢ a mile, \$21.00, for both of us for automobile travel.

I prefer to leave the matter of honorarium to you and have you express your feeling in the matter when you write me concerning your preference of dates.

Very sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
