

February 22, 1939/

Mr. R. E. Canavan,
2512 Washington Road,
Kenosha, Wisconsin.

Dear Mr. Canavan:

Mr. Gwinn Henry, Director of Athletics at the University of Kansas, has handed me your letter of the 17th instant regarding the young boy in your community who is critically ill with a bone disease.

We are very much interested in sending something for his sports museum, and I wish you would send me his name. I would like to write a letter to him. We are also planning to send him some autographed photographs - Dr. Naismith, the inventor of the game of basketball, and Glenn Cunningham, and if we had the lad's name it would make these things much more personal.

You are doing a wonderful thing for this boy, and you may be sure that we are glad to cooperate in any way possible.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
