Dear Dr. Allen:

It seems that I was out of the city when you wished to see the film and you didn't receive much personal attention -- for which I am very sorry.

Films, Inc., with which Mr. Bangs is connected, are the actual distributors. Bangs will no doubt have a copy. I do not know whether Films, Inc. will sell prints outright or not, but I shall inquire into the matter in regard to the K. U. Extension Division. Thank you for your interest.

There are several more prints coming out of our laboratory next week -- in fact, they will be for the next two or three weeks. I am quite certain that if you will let us know perhaps two or three days in advance, we can arrange a showing for your personal benefit most any time after the next few days.

I am naturally out of the city a great deal, so if you will please write or call Lloyd Thompson, our Laboratory Supervisor, there will be no hitch.

Thanks for the wishes -- may I return them?

Cordially,

The CALVIN Co.
