

I appreciate, Junior, your cooperation. If at any time you and Hal want to drive down before the 7th, say Sunday, January 2, I will arrange for the auditorium court in the morning so that you may practice, or you can use the gymnasium floor any time Sunday morning or Sunday afternoon. I do not know whether you have floor space available over there, but I imagine many of the high school gymnasias would have floor space large enough to play on and get practice.

I am writing you another letter regarding the table tennis. Thank you so much for the suggestion.

With all good wishes for the holiday season,

I am

Sincerely yours,

FCA:AH

Director of Physical Education.
