

business

Ward, but <sup>3</sup> has always lived a clean christian life, so he is looking forward to that pleasure of seeing a good home town friend from old Missouri.

John has a Wall Paper and Paint store in Toledo, Ohio and has been there I believe about twelve years. He has not been successful in getting to come home to visit all of us for five years - as Gasoline was rationed - and then Uncle Sam took his most reliable men and so John has had to stay at his store many long hours due to War conditions and he really gets home sick to see some one from his home town - His store is located 717-719 Adams St. and he still operates it under its old name - the Friday Wall Paper Co.

I do hope every thing works
