Dear Dr. Davie:

I am turning your letter over to Mr. Earl Falkenstein for quick action and I am sure that you will hear from him. It will be satisfactory, I am sure.

I just got in from Burlington this minute and, although a little late, I am rushing to put on my basketball togs to work with the boys.

I will see you at the Nebraska and Iowa State games.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
