

April 27, 1945.

Mr. A. O. Duer,
Physical Education Department,
George Pepperdine College,
1121 West 79th Street,
Los Angeles 44, Calif.

Dear Friend Duer:

I was glad to see you and have a visit with you in Denver. It was very enjoyable, I assure you.

I received a letter from Henry Iba this morning suggesting that he and I play in Kansas City. I told him that Kansas was anta conference in which the eligibility had not been as free as some other schools in other conferences, and since we do not go out and get athletes as some other teams do, I fear that we will have to stay in our own neighborhood, so to speak.

After the war doubtless eligibility rules will be relaxed somewhat and we will be able to get some of the boys who have the later ideas in regard to athletics.

It was good to break bread with you in Denver.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
