DENVER HOLDS NATIONAL A.A.U. BASKETBALL TOURNEY

Denver Jaycees Win State Awards

Jaycee 1944, Clean Up, Paint Up Campaign, under the direction of Mike Milligan, won the State City Beautification Award for Denver.

Work contributed by George Siener, Chairman Bond Badgley and the Safety Committee (send in names and we will print them) brought back the Safety Committee Award for another year.

Perennial Hyman Goodstein with the Youth Welfare Committee came thru the 4th (FOURTH) consecutive time for Denver.

Let's begin now to prepare these projects for the National Awards in June.

There are several factors pertaining to state awards which should be clarified. Perhaps thruout the coming year, handling of these awards may be greatly simplified. Let's have your ideas to present to the State Executive Vice President.

Annual Jaycee Basketball party sets the scene for Tuesday, March 20, 1945, 12:10 P.M., back at the Chamber of Commerce Dining Room.

MARK SCHREIBER will be Master of Ceremonies, perhaps accompanied by BILL STERN.

Tuesday, March 20th, 12:10 P.M.

Be prompt. Bring that friend.

W. N. Greim, Lou Wilke, Jay Ambrose, Bud Browning, Chet Nelson, Frank Haraway, Jack McCracken, Captain Charles Hyatt, Captain Willis Smith, Major Juan Reid, Captain Jack Whalen, Captain Bill Schmitz, J. Lyman Bingham, and Boots Adams are all invited to attend the meeting.

DENVER PROMOTES STATE PREXY

Denver Jaycees came thru with a successful campaign. E. N. "Red" Holladay is now the Colorado State Jaycee President. The State Secretary must also come from the same chapter as the president, Denver's own Carroll "Mike" Milligan will hold forth in the secretarial chambers. We now have the long and short of it as it were.

Here are two fine fellows who are capable of doing the best job of any of the State Officers yet elected. Plans are being made for Denver's directors to meet with Holladay and Milligan three or four times during the year to participate in local and state Jaycee problems.

A state-wide membership campaign could well be a theme for the coming year. There are too few cities in Colorado represented in the Jaycees. A large representation would well compensate the state organization.

Denver is back of you 100% "Red" and let us know.
