

April 7, 1945.

Mr. Roy Durham,  
Manhattan Senior High School,  
Manhattan, Kansas.

Dear Mr. Durham:

It was nice of you to write me as you did on April 5th. I assure you I understood things perfectly. I quite agree with you that we should let the youngsters run their own show. It develops them in this way.

I think you have made a very definite step forward in regard to better relationships. Personally, I have always been strong for such a program, and I congratulate you on taking the step. I believe we should do more of it.

Please give all the young folks my kindest regards and tell them it was a pleasure to be with them and you and your faculty.

I am passing on your letter to Henry Shenk. He has always been very fond of you indeed.

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
