Dear Don:

Thanks for your explanation and the galley proof. That is war, and since it is as it is, we will have to accept things with the best of grace. We understand those situations and thank you for the explanation.

We are just now getting ready to leave for Iowa State where we are going to have the battle of our lives. Upon our return I will be glad to take time to read both articles. I know Larry did a swell job.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
