

March 2, 1944.

Mr. Ralph Wedin,  
Pembroke Country Day School,  
Ward Parkway at 51st Street,  
Kansas City 2, Mo.

Dear Mr. Wedin:

I am herewith giving you the information on George Dick, honor captain of our football team and a member of our varsity basketball team. He is graduating this year with a major in Physical Education.

In March, 1943, he was inducted in the Army at Fort Leavenworth along with a number of our other basketball players. He served in the Army until this past September when he was discharged on account of an injured knee that he sustained in Army maneuvers. He returned to the University to finish his course for his degree, which will be completed this summer.

George Dick is a fine, clean, personable and energetic young man. He is 24 years of age, very mature and very dependable. He is a high grade young chap in every respect, and in my opinion should command a very good salary because he is not the accidental type of teacher nor a youngster just getting out.

I hope it will be possible for him to visit your school some time soon and see the lay-out there.

Very sincerely yours,

FCA:AH

Director of Physical Education,  
Varsity Basketball Coach.
