Dear K. U. Rotarian:

There are sixteen members of the Lawrence Rotary Club on the hill. With gasoline rationing impending and with the tire shortage already in effect, it would seem to be a wise policy to adopt some form of group riding to the Rotary meetings on Monday noon. Two or three cars each week should be sufficient to carry out this program. If you would be willing to cooperate in such a venture I would appreciate your letting me know at your earliest convenience in order that a schedule may be worked out.

With such a plan it would be necessary for each member to use his car only once every four or five weeks and the start down town could be made by pre-arrangement at some central location.

I will appreciate your reaction to this proposal as soon as possible, either by telephone (KU 143) or campus mail.

Sincerely yours,

K. W. Davidson  
Director of Information
