

coast. This coast artillery is a fairly
easy racket, especially in a fixed
harbor defense like I'm in now.

You can send my basketball
and sweater to the below address
in care of Mrs. F. M. Bagley. My arm
length is about 34 inches and
chest about 35 or 36 inches.
I hope that the war is won pretty
soon so I can get a chance to
display them.

I hope you are in good health
and the University is treating
you well.

Sincerely,
Armand Dixon
