

I got a letter from Lewis Musick.
He is in Camp Sibert, Alabama in
the chemical warfare service. He does-
not like the country too well.

My physical conditioning instruction
has helped me to a very great
extent. I can handle men now
mainly because of my experience
I had at Kansas University.

Hope the world is treating you
fine. Say hello to Mr. Shenk for
me. Lots of luck to him on the
coming season.

Give my regard to Mrs. Allen
and your sons and daughters
as well.

Sincerely,
Armand Dupin
