Dear Dr. Allen:

Laurence Stanton, our basketball coach here in the senior high school who is now attending summer session at the University of Kansas, has written me that there is a possibility that you might be willing to act as clinician at our Third Annual Basketball Clinic.

Last year our attendance was the best that we have ever had and I think that if we can make our plans enough in advance that we can do even better this coming year.

If you will let me know as soon as possible what week end you will be free, I will try to make arrangements to hold the clinic at that time. Of course we would like to have the clinic as early in the season as possible. It would be of more value to us at that time and we would also get better attendance. If you can get away in December, we would appreciate it. Please let me know.

Yours truly,
