Professor W. W. Davis,
706 West 12th St.,
Lawrence, Kansas.

Dear Dr. Davis:

I want you to know that the University of Nebraska people made every effort to close any unpleasanties or unhappiness that might have happened heretofore at Lincoln. Coach Lewandowski invited me to a quarterback meeting Saturday noon at the hotel, in which a great number of professional and business men - young fellows between the ages of 33 and 50 - meet to discuss the game. We had a fine noon luncheon.

Then before the game there was a very evident activity on the part of all the coaches to show that they were endeavoring to be very friendly. I want to assure you that I went out of my way to show the same friendliness, and by the time the game started the sharp edge had been taken off of the raucous attack that is so common in arenas prior to game time.

After the game Dean and Mrs. Thompson came up and extended their greetings and asked that I extend their best wishes to you and Dr. H. P. Cady. Major "Biff" Jones and all the coaches did likewise, so we left Lincoln feeling that the Nebraska people had made every effort to undo any unpleasantry that had come heretofore.

I just received a letter from Mr. Veenker, a copy of which I am enclosing to you, and I am also sending you a copy of my letter to him. This is for your information.

Sincerely yours,
