

DODGE CITY SENIOR HIGH SCHOOL

DODGE CITY, KANSAS

F. B. TOALSON  
PRINCIPAL

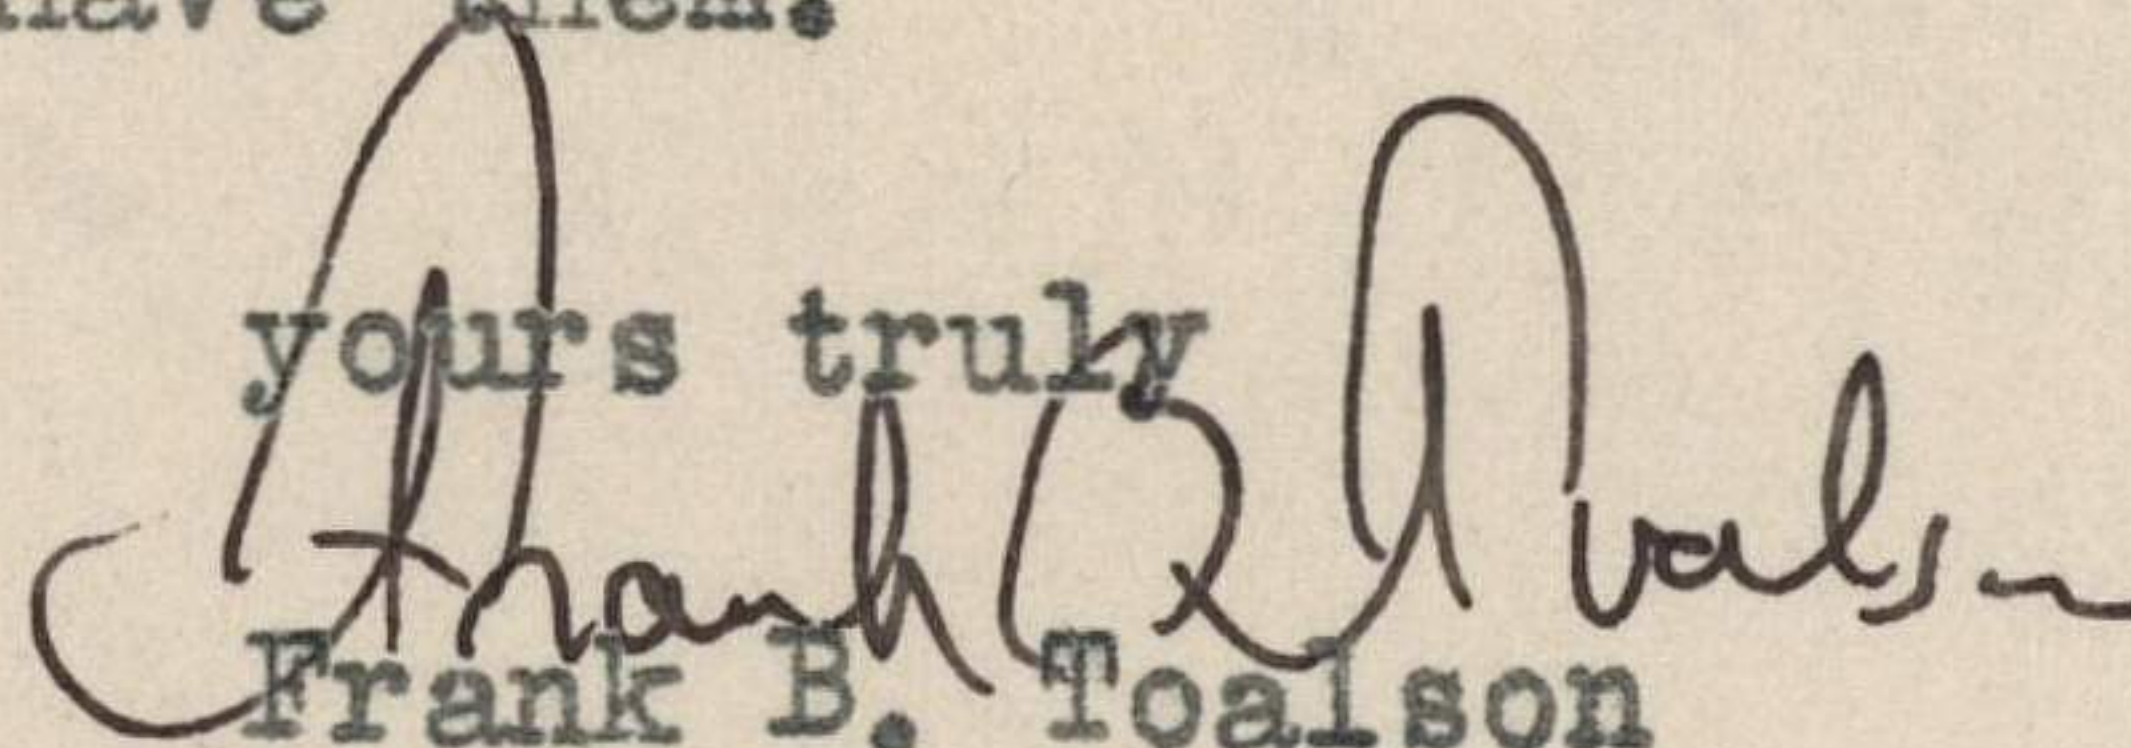

September 27, 1941

and (4) Demonstration conducted by Dr. F. C. Allen and the University of Kansas Varsity team either Thursday evening or Friday afternoon. There would also be a meal where we would like for you to make the address to the coaches and the boys.

As to expenses, I beleive we paid you \$25.00 and expenses the last time you came out. If that is satisfactory with you it will be all right with us. However we will be glad to pay you whatever you think it is worth this year. If you would like to use one of your boys and referee the game Friday Night we will pay you what we usually pay the officials in addition to the other payment we expect to make to you.

I am anxious to make this Clinic one of the largest in the state and one of the biggest. I beleive I am right in saying that Our Clinic in 1938 was one of the first held in the state and we want to continue to keep it the first. If you have any suggestions please let me have them.

yours truly

  
Frank B. Toalson
