an executive order out of Washington that when a selectee has been drafter and he enters college if his number comes up before the middle of the semester he hasn't got a chance. He will be inducted and it is just too bad as far as the educational institution and the young man's status are concerned. So John is not at all certain regarding his continuing here. He is a grand young man and I am glad that you have advised him regarding the possibilities of the navy trained physical education program.

Yes, I wish we were closer together for some of those visits that we should have made before you left. We often talk about you. A great number of the faculty mention you very pleasantly to me in our conversation. I know that you and the Mrs. would be thrice welcome if and when you come beak to our campus. Do try to route your trip through Lawrence on your way to Washington if at all possible.

I am also sending you our football schedule. Perhaps you might be able to make it for one of the sames. The boys fumbled away their opportunity against Temple last Friday night. I read.

Thank you for your good wishes, and here is reciprocity right back at you with the same good wishes to you.
