Dear Mr. Allen:

Answering yours of January 3, our records show that combination for lock EN-4957 is 26 - 14 - 39; for lock KR-9183 combination is 0 - 16 - 21. We have searched our records and failed to find any combination listed for lock DE-9924. I regret that I cannot give you the combination for this lock. Is there a possibility that DE should be DF or some other combination letter?

Cordially yours,
