Mr. E. S. Liston
Athletic Director
Baker University
Baldwin, Kansas

Dear Emil:

Mr. Gwinn Henry has referred your letter to me for reply in regard to a baseball game.

Most of our baseball players have either left the University or have chosen other schools where baseball has been more encouraged than here.

We have only two of the regulars returning from the entire squad of 26 last year, so it will be necessary for us to build up the squad. For that reason I believe we have all the baseball games that we can take care of at the present time.

Very cordially yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
