

November 20, 1939.

Mr. Dudley S. DeGroot,
Director of Physical Education,
San Jose State College,
San Jose, California.

Dear Dudley:

It is swell to know that you are coming this way this week-end. I understand that Drake is playing at Tulsa. That is just a short haul from here, and I am hoping that you can spend Friday night here in Lawrence.

We are just 42 miles from Kansas City, and there is also an airport at Ottawa, just 23 miles from here. I know Burt would break his neck to get you here.

As a part of our Homecoming festivities we are having our freshman-varsity basketball game on Friday evening, the 24th, and we would like very much for you to drop in and have a visit with us. We are just across the street from Burt, and would be delighted to have you.

I am sending you this hasty note by air mail in the hope that you can make this arrangement. If you will wire either Burt or me we will be glad to meet you.

With best wishes, I am

Sincerely yours,

FCA:AH

Director of Physical Education and Recreation,
Varsity Basketball Coach.
