Dear Doctor Allen:

Just a note, to let you know that I have followed your games this year with the usual interest and satisfaction.

I have been greatly disappointed that I have been tied up on every game night, so that I haven't been able to see a game. In spite of disappointments, life is most enjoyable though. There are plenty of good things to live for.

For some strange reason, I had no "nerviness" about you and the boys winning from U.S.C. With the score 42-41 and 18 seconds to go, I still felt that K.U. would come through. I have the same assurance against Indians, so go to it. No other man has given me more to meet my problems, than you, and the boys you have coached since that time have gotten no less than I receive.

Sincerely,
O.W. Davidson
