Mr. Bruce Drake,
University of Oklahoma,
Norman, Oklahoma.

Dear Bruce:

Thank you very much for your fine letter congratulating us on our victory over Missouri. I was sure that Oklahoma would be pulling for us one hundred per cent in this game.

I, too, listened to the broadcast after the game and at times I really got frightened. I was afraid they might beat us even though I had witnessed the game previous to the broadcast.

Yes, I remember that both you and I agreed to play both of our games in quarters and for that reason I want that we shall play this game in quarters as we did the first one. I do not see that it will affect Carroll and O'Sullivan the least bit whether the game is played in quarters or in halves.

The fact that we played in quarters as you and I both agreed would give two extra times out and would also add interest from the spectators' standpoint. For these reasons and for the fact that we had agreed to play both games in quarters, it is only logical that I should want to carry out our agreement to play in quarters.

Very sincerely yours,
