Dr. Forrest C. Allen
Basketball Coach
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

Congratulations on your fine victory over Missouri. That was one game, "Believe It or Not", that Oklahoma was pulling for you 100%. We were enroute to Ames Friday night and heard your game rebroadcasted over WREN and had we not known the final score before hearing the broadcast, I am sure that my boys and I too would have been worn out before that final gun.

At our last Big Six meeting, you and I agreed to give the quarter game a trial in our two games to be played this season. Due to the fact that so much hinges on this one game I would like to play this as we have played the rest of our games, in the regulation halves. I know that Carroll and O'Sullivan have not officiated in more than one or two games played in quarters this year and I know that both of us are already satisfied that playing the game in quarters would not only give the boys two extra time-outs but would also add interest from the spectator stand point. If it is agreeable with you let's keep this game regulation twenty minute halves as we have in our last eight Conference games.

Sincerely yours,

Bruce Drake
