Dear Fog:

Thank you for your kind letter of January 6,
and please accept this tardy answer, but last week we were
travelling again, and hence, I am somewhat behind in my corres-
pondence.

Please let me thank you again for the hospitality
extended our squad, and we want you to know that every minute
spent in Lawrence was enjoyed to the fullest. In fact, our boys
brought back such glowing reports regarding Kansas University
that our baseball squad has already asked that I arrange a trip
next spring for them so that they too will have the pleasure of
visiting your institution.

The batting average report is not only interest-
ing but a revelation regarding the activity of two bas~~ket~~ball teams
in which it is usually impossible to get such a complete picture
and record of the performance of each individual. In fact, I
like it so well that I am planning to copy it and use it on our
own squad, and maybe some day we shall have the pleasure of com-
paring notes.

Thank you again for making possible a most pleasant
visit in Kansas, and please accept our good wishes for lots of luck
and success in the remaining games on your schedule.

Will you please carry greetings to your most charm-
ing wife and your beautiful daughters and son.

Sincerely yours,

Marsh Diebold
