Coach of Basketball
Lawrence College

Dear Phog:

This note is somewhat divorced from basketball and I am taking the liberty of asking you for a confidential opinion concerning Dick Crayne, who has applied for the football and track position here at Carleton.

I had a letter from Ossie Solem on his behalf, but since I feel that you and I have similar ideals regarding the coaching situation, I shall be very interested in receiving your report on this boy.

Thank you in advance and best wishes for success in the remaining games in your schedule.

Sincerely yours,

Marshall J. Diebold
Director of Athletics
