

Sanerence to talk over the situation.

I do realize, this is an unusual procedure - perhaps, request. However, I am directly, interested in this boy's welfare,..... I feel that with ^{the} proper environment the boy would do very well, indeed, in "sports" however, where he is there is no future at all, in away, ^{it} remains a tragedy.

I will appreciate hearing from you Mr. Allen in regard to this very humani-
tarian appeal.

Very sincerely,

Tom R. Willow
