

December 5, 1938.

Mrs. Vera B. Droom,
1230 Mississippi St.,
Lawrence, Kansas.

Dear Mrs. Droom:

Since receiving mid-semester reports on our freshman basketball players, as well as the boys who are doing work for us, I thought it well to write you about Dave. As you probably know, he was failing in ten hours of his work at mid-semester.

I am informed that Professor Crawford suggested that Dave has been urged to come in for conference, but that he has not done so.

Our regulation for all basketball players, varsity and freshmen, is that they must maintain at least a "C" average in their studies in order to be eligible to play. Their primary purpose is, of course, to make progress toward graduation. If the boys are devoting too much time to outside activities, such as athletic competition or work, we suggest that they drop some of these activities until they are up in their class work. We felt that Dave needed to spend more time with his books.

I am sure you will understand my position. We are trying to help the boys help themselves. If I can be of any service to you and Dave at any time I assure you it will be a pleasure.

Very sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.
