Dr. F. C. Allen
Varsity Basket Ball Coach
University of Kansas
Lawrence, Kansas

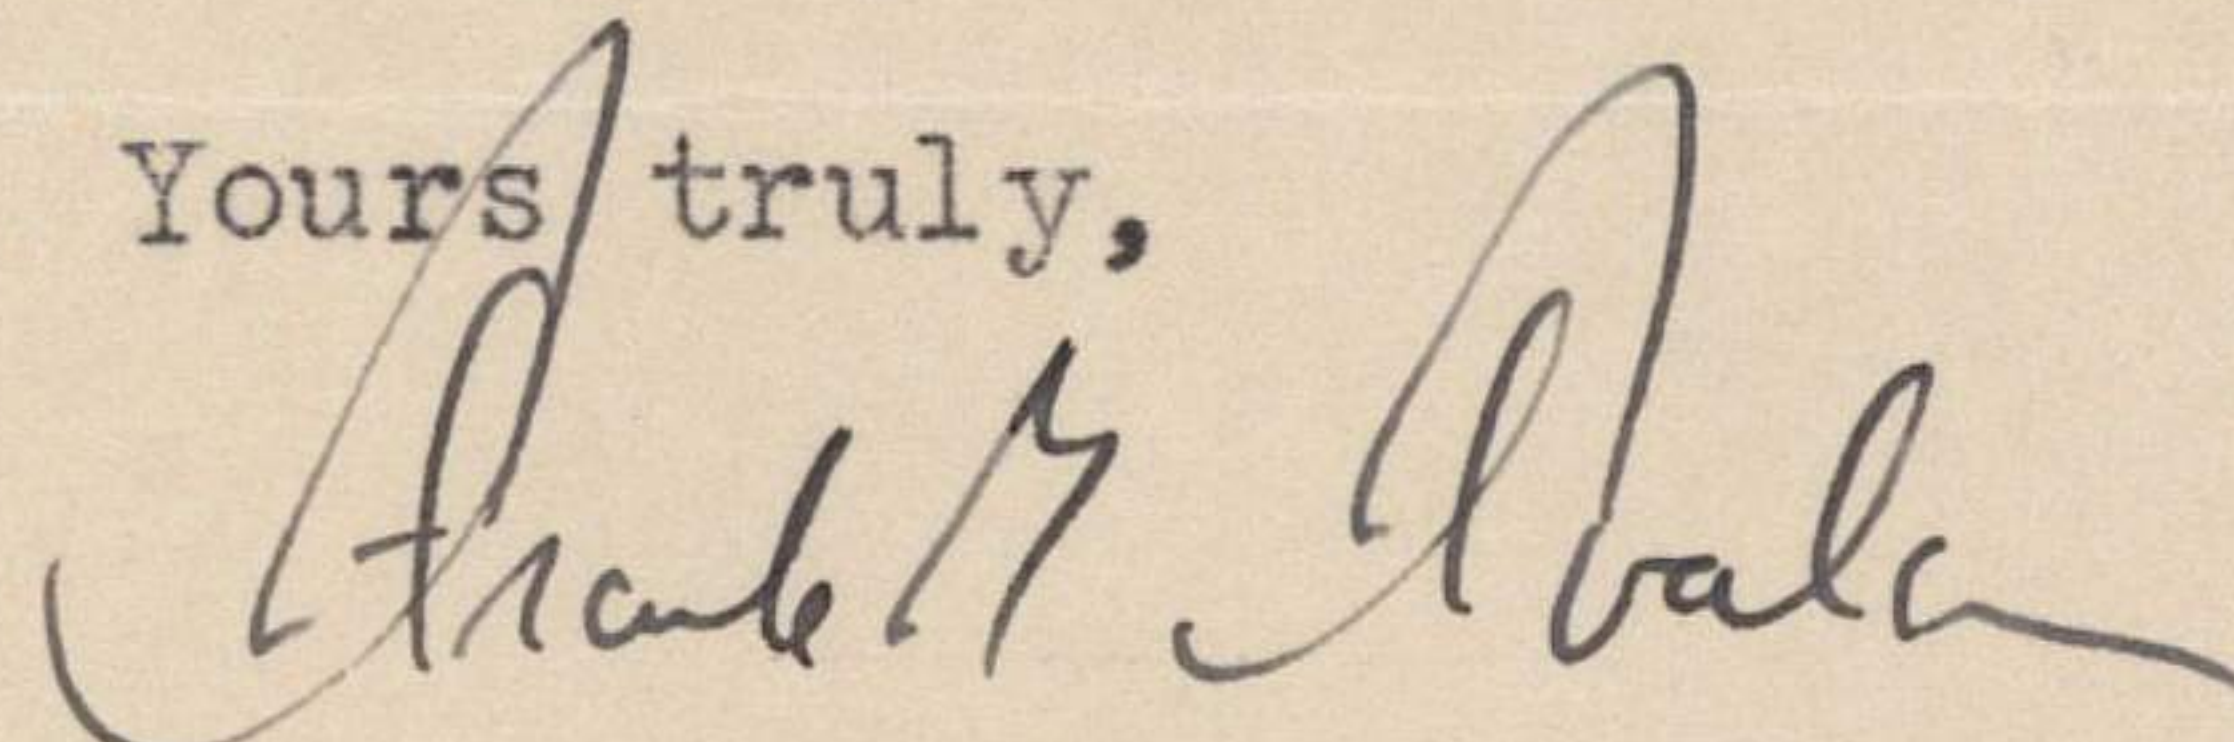

Dear Dr. Allen:

Now that our tournament is all over and I have had time to look back over the various games and the various programs that we had, I want to let you know how much we appreciate your contribution.

I had occasion to talk with a number of coaches in this section. Without fail, they are highly enthusiastic about the clinic that you conducted. The coaches in the Southwest Kansas League are 100% for such a program again next year. Each one of them felt that you gave their boys a lot of help.

I hope that things go well with you and your team during the remainder of the season.

Yours truly,

F. B. Toalson
