Dear Mr. Allen:

Our league meeting was held Wednesday evening. Final arrangements have been made for our tournament, or clinic, as we prefer it to be called. Here are the plans, subject of course to your approval.

We are having our 8 member teams of the league play Thursday, January 26. Two of the games will be in the afternoon and two in the evening. We should like for you to watch these four games, present your criticisms and suggestions to the boys and their coaches at a luncheon meeting on Friday. Following this luncheon meeting, we are having a basketball clinic conducted by you at 2:00 that afternoon. We are inviting all high school teams, coaches, and administrators from this section in to hear you and to ask you questions and such. Following this clinic, we are holding consolation games which will be open to these visiting players and coaches. This concludes your connection with the tournament. This would enable you to leave Dodge City if necessary, as early as 3:45 or 4:00 on Friday afternoon. Will you please let me know if this meets with your approval? I think it is a wonderful idea for out in this section. I believe that you will be able to see a lot of good basketball players.

I want to take this opportunity to thank you for your recommendation of Miss Irene Moll. You can be assured that your recommendation was highly instrumental in getting Miss Moll her first interview. To date, we are very well pleased with Miss Moll's work. I know that she will be happy to see you when you come out this January.

Yours truly,

F. B. Toalson
