

VI Would you advise baskets of graduated heights for grade, junior high and high school boys. What additional theories would you advance for compensating height and age?

VII How does a twelve foot basket ~~strike~~ work against a zone defense.

VIII What <sup>is the</sup> difference in the 1938 Basket ball Rules as compared to the offense and to the defense in regard to interfering with the ball when it is on the rim or above the cylinder of the basket?

IX The eligibility rules invariably state that there shall ~~not~~ be <sup>no</sup> discrimination for or against the athlete. Is there any discrimination against the athlete when he is forced to carry more hours to <sup>be eligible to</sup> play than is required for any <sup>other</sup> student of the school, to remain a member of the student body. Elaborate and express your opinions on this subject!
