Dear Cob:

Thank you for your good letter of the 27th instant.

You know, I am still convinced that you are going to change your mind regarding the five-year plan. It may take you a year or two to do it, but when results come then you will see that after all it was a better combination than you thought.

I have faith in the ability of this man to make the boys play for him, and I am very sure that we will go a longer way than you think. You see it is not sour grapes with me, but just the reverse. I want Kansas to succeed, as I have always wanted to see her succeed, but with a coach who understands his men I am sure that they will go a long way.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
